WUJC 88.7 FM has been broadcasting over the Cleveland airwaves since May of 1969. Because our radio signal originates from one of the highest points in Cuyahoga County our signal is able to reach a much larger distance than most college radio stations in the area.

Hello avid listeners:

Welcome to the fall semester with our new programming schedule replete with our diverse formats. WUJC offers not only a wide range of formats including blues, jazz, classical, metal and post-modern but also informative public affairs programs. Our personable disc jockeys continue to add a unique flavor to the college airwaves with their disparate musical interests.

Through the support of your donations from our recent radiothon, WUJC was able to purchase three stereo cart machines, a compact disc player, a tape deck and also add to our extensive record library.

Through our contacts with various clubs and concert halls throughout the Cleveland area WUJC continues to regularly offer you ticket giveaways to both local and national shows.

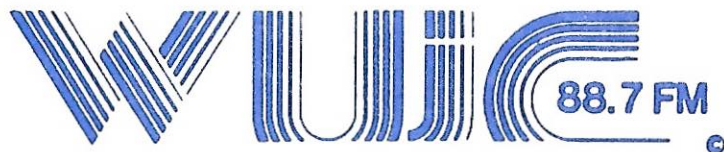

Write to us with your comments concerning anything you hear on WUJC. You may see your letter in next semester's program guide. Thank you again for your continued support.

Sincerely,
Kris Koch
Station Manager
